

PR MANUAL

Bridging the A-I-R Project (Partners Guide)

Purpose of this PR Manual

This document provides clear and practical communication guidelines for all partners involved in the *Bridging the A-I-R* project.

Its purpose is to:

- Ensure consistent and clear communication across all partner organisations
- Fulfil European Union visibility and communication requirements
- Support effective communication across different countries and audiences

This is **not a graphic design manual**. Visual identity of the project, BtAIR logo usage, and branding will be provided separately by a professional graphic designer.

PART I - EU COMMUNICATION & VISIBILITY RULES

1. Obligation to Communicate the Project

According to the grant agreement, all beneficiaries must actively promote the project and its results by providing **targeted information to multiple audiences**, including:

- Media
- Public audiences
- Cultural sector professionals
- Stakeholders and policy makers

Communication must be **strategic, coherent and effective**.

Before any communication activity expected to have **major media impact**, partners must inform the project coordinator.

2. Mandatory EU Visibility

All communication and dissemination activities must acknowledge EU support.

This applies to:

- Media relations and any audiovisual works
- Conferences and seminars
- Publications and printed materials
- Websites and newsletters
- Social media content
- Presentations
- Infrastructure, equipment or major results funded by the grant

Co-funded by
the European Union

EU Emblem Rules

The EU emblem, in conjunction with the funding statement, must be prominently featured on all communication material, such as printed or digital products or websites and their mobile version, intended for the public or for participants.

The placement of the EU emblem should not give the impression that the beneficiary or third party is connected in any way to the EU institutions. It is therefore recommended to place the EU emblem at a distance from the third-party organisation's logo.

The European flag (emblem):

- Must always be **visible and clearly displayed**
- Must remain **distinct and separate**
- **Cannot be modified** or combined with other visual elements
- Must be displayed **at least as prominently as other logos**
- The minimum height of the **EU emblem must be 1 cm** - for specific items, like pens, the emblem can be reproduced in a smaller size
- When using the EU funding statement in a small size, we highly recommend using the **horizontal version**

Partners may use the EU emblem without prior approval but **cannot claim ownership or exclusive use**.

Technical specifications and a detailed instructions for using the EU logo **can be found here**:

https://commission.europa.eu/document/download/3192a0ef-6bda-4e1a-81ca-65ade2ffad73_en?filename=eu-emblem-rules_en.pdf

Co-funded by
the European Union

Mandatory Funding Statement

All communication materials **must include** the following disclaimer (translated when appropriate):

Funding statement (mandatory):

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the granting authority. Neither the European Union nor the granting authority can be held responsible for them.

This sentence must always appear together with the EU emblem.

PART II - MANDATORY PROJECT INFORMATION ONLINE

1. Project Visibility on Partner Websites & Social Media

Immediately after the start of the project, **each partner must publish information about the project** on their:

- Official website **and/or**
- Official social media profiles

Each partner page must include:

1. **Project summary**
2. **Contact details of the project coordinator**
3. **List of project partners**
4. **EU emblem and funding statement**

This is a **mandatory requirement of the grant agreement**.

PART III - PROJECT COORDINATOR: NOVÁ SÍŤ z.s.

1. Name of the Organisation

Always use the full and correct name:

Nová síť z.s.

In translations, keep the original Czech name. You may optionally add:

Nová síť z.s. (CZ)

2. Relationship Between Partners and the Coordinator

The Bridging the A-I-R project is **led by Nová síť z.s.**, a Czech cultural service organisation.

Partners must make this cooperation transparent in their communication.

Recommended wording

Use one of the following formulations:

- “___ is co-organized by ___ and Nová síť z.s.”
- “In cooperation with Nová síť z.s.”
- “Project coordinated by Nová síť z.s.”

3. Logo Usage – Nová síť z.s.

The Nová síť logo:

- Must not be shared with third parties without prior consent
- Colour and black-and-white versions will be provided
- There must be sufficient space around the logo

Co-funded by
the European Union

4. Social Media Tagging

For the purposes of the project, we have created a **Facebook page called "[Bridging the A-I-R](#)"**. We kindly ask all partners and individuals who create social media posts related to the BtAIR project **to tag this Facebook page in their posts**.

There will be no dedicated administrator actively managing this page. Instead, it will serve as a **central archive** where all tagged project posts will be automatically collected and visible in one place.

When mentioning Nová síť z.s., partners must always tag official accounts:

Facebook:

FB page - [Nová síť](#)

Do not tag the public group "[Nová síť](#)"

Instagram:

Instagram page - [nova.sit](#)

Website:

<https://www.novasit.cz/en/>

Minimum Communication Expectations

Each partner is expected to:

- Publish at least **1–2 posts per month** related to the project (WP's coordinators)
- **Share key project moments**, such as:
 - Open calls
 - Residency announcements
 - Residency processes (ongoing activities)
 - Results and outputs (presentations, reports, outcomes)

PART IV - COMMUNICATION STYLE & GOOD PRACTICE

Practical Communication Guidelines

To keep project communication alive, visible, and meaningful, partners are encouraged to approach it as an ongoing and shared activity rather than a formal obligation.

1. Key Content Areas

When communicating about the project, try to focus on a few core themes:

- **Residency practice** – the process, artists, local context, working conditions, and everyday moments from the residencies
- **International collaboration** – partnerships, exchanges, mobility, and cross-border cooperation
- **Project impact** – connections with local communities, artist development, and knowledge sharing
- **Good practices and learning** – methods, insights, tools, and case studies that emerge along the way

2. Tone of Voice

We encourage a tone that feels natural and approachable:

- Clear and easy to understand
- Human and relatable (avoid overly formal or institutional language)
- Grounded in real experiences and processes
- Inclusive and respectful of different cultural contexts

Whenever possible, **share stories**, **real examples**, and **concrete situations** instead of abstract descriptions.

3. Suggested Content Formats

A mix of formats works best. Partners are welcome to experiment with:

- Social media posts with images
- Photo documentation from residencies
- Short texts introducing artists or projects
- Announcements (open calls, events, results)
- Links to project outputs (methodologies, reports, platform content)
- Short reels or videos

4. Mandatory vs. Recommended Communication

Mandatory (EU requirements):

- Use the EU emblem and funding statement
- Include basic project information on websites and social media

- Ensure the project and its support are clearly visible

Recommended (for stronger visibility and engagement):

- Post regularly
- Share real processes and outcomes
- Tag project channels and partner organisations
- Use clear, engaging language

5. Communication Flow and Coordination

For major communication outputs (such as press releases or large events), please inform the project coordinator in advance.

Partners are also encouraged to:

- Share content with each other
- Repost and support partners' communication
- Contribute to the project's shared European visibility

PART V - Important Reminder and Contact

This document covers **communication obligations only**.

It does **not** include:

- Visual identity
- Graphic templates
- Logo placement rules
- Typography or colour palette

These will be delivered in the **Visual Identity Manual**.

Contact
